THE WHITE HOUSE
WASHINGTON

November 10, 1956

Dear Mrs. Harbaugh,

It was such a pleasant surprise to see you and hear your "Biglerville" call as we departed from the hotel ballroom on election night. The President and I were glad to learn from your nice note that you and your husband have been lending your support to the Republican cause.

Thank you again for your thought in writing. Mrs. Doud and I would like very much to stop in at your interesting Biglerville store before Christmas and hope we shall have a chance to do so.

Mamie Reed Eisenhower

Mr. William Harbaugh

Please accept my grateful thanks for your personal contribution to the winning of the national election of 1956. You did much, I know, to help assure that the principles and policies for which this Administration stands shall be sustained in the conduct of our government.

With such labor and loyalty as yours, continuing in the years before us, I am confident that we can fulfill the hopes that now have been entrusted to us.

Dwight D. Eisenhower
